**KEEP YOUR
FEET ON
THE GROUND...**

23%

OF WORKPLACE INJURIES ARE DUE TO SLIPS AND FALLS

200 000

WORK STOPPAGES PER YEAR

8,7 millions

OF WORKING DAYS LOST EVERY YEAR*

*All sectors of activity combined

Source : CNAMTS (National Health Insurance Fund for Employees), lost working days per year.

THE SHOE WITH THE WORLD'S BEST GRIP*

The wetter or more slippery the surface, the better ADHERA footwear with the SSR GRIP sole will grip!

Its exceptional efficiency is based on an exclusive rubber formula combined with a specific tread pattern on the sole.

The pressure of the foot in contact with wet or slippery surfaces will generate a completely imperceptible "suction cup effect" through the action of a hundred or so studs.

GRIPS 500% BETTER THAN STANDARDS

GRIP COEFFICIENT OF 0.69 IN THE LYON CTC TEST

No other shoe in the world can claim to challenge it or even match it.

In fact, the test carried out by the Centre Technique du Cuir gives it a grip coefficient of 0.69, the highest ever obtained on a lubricated stainless steel surface!

SRA

Ceramic tiles with a soapy lubricating solution

Slip resistance heel to toe
Minimum requirement : 0.28
Adhera result : 0.69

Slip resistance on the flat forwards
Minimum requirement : 0.32
Adhera result : 0.63

SRB

Stainless steel with glycerine based lubricant

Slip resistance heel to toe
Minimum requirement : 0.12
Adhera result : 0.62

Slip resistance to sliding on the flat forwards
Minimum requirement : 0.16
Adhera result : 0.69

*On wet or slippery surfaces.

A low-angle, close-up shot of a worker's legs and feet in a factory setting. The worker is wearing blue denim jeans, dark work boots, and grey socks. They are captured mid-stride, splashing water on a wet, reflective floor. A yellow tool belt is visible around their waist. The background is a blurred industrial environment with yellow safety railings, overhead lights, and various machinery. The word "INDUSTRY" is overlaid in large, bold, yellow capital letters on the right side of the image.

INDUSTRY

SHIELD

MADE IN
EUROPE
